Employment

Apex Hotels (2017 – Date)

Since 2017 I have been working the Apex Hotel City Quay. I position is a conference and banquet assistance. This has given me experience dealing with large amounts of customers while under the pressure of maintain such a high standard that the apex offers.

The Tayberry Restaurant (2016 – 2017)

A couple of years ago I was working in a busy high end restaurant, the Tayberry Restaurant, in Broughty Ferry. For the first couple of months I was a kitchen porter, working on weekends. I later became a waiter and started working more shifts during the week. This is again an example of me being able to take on more responsibilities. I have also been a reliable employee willing to help when staff is short. While working as a waiter I gained bar training and would often work on the bar. Every shift I must be concentrated and ready for a busy service and no matter how busy it gets I always remain clam so that I can provide the high-quality customer service that is expected.

Reference - Adam Newth (Head Chef / Owner) 07803 549659

D.C. Thompson (2011 – 2015)

I started working for D.C. Thompson, delivering newspapers, while I was in first year of secondary school and continued working as a paper boy until I turned 16. I was always responsible and reliable. I would often also work in the paper shop handling money and organizing paper rounds and continued to be given extra responsibilities. Holding down this job for five years shows that I am dedicated, punctual and have a strong work ethic.

Interests & Achievements

Dundee Amateur Boxing Club (2012 – 2016)

I was a member of a local boxing club. I trained twice a week to keep fit and I enjoyed the discipline of this sport. I fought in 10 matches and trained very hard for each one and then in 2013 I won the Scottish Novice Championship. I have also helped at the club for a week's work experience where helped take the under 5s and under 10s kick boxing classes.

School (2011 – 2017)

This year at school I have been trusted with the responsibility to be a 'buddy' to two first year pupils. My role is to help them settle in to secondary school and I have been successful in this. I also volunteer my free time during school helping children with special needs. During my time at St Johns I have also represented the school at a Dundee schools' computer games design challenge hosted by Abertay University. I was also chosen to represent St Johns at the Dundee schools Maths challenge where we came third.
